### NO 1917 WHITE WAY

Borough's Illumination Must Be Curtailed to Save Coal.

Discussion Concerning Vote to Give Second Selectman Salary of \$200—John H. Larned Going to Texas—Mission—Italian Band's Concert.

There has been a good deal of discussion concerning the vote taken at the town meeting last week to increase the salary of the second selectman to \$200. The house of selectmen, including Mr. Bissett, Mr. French, by virtue of the statute is first selectman, but it is contended by some people, including Mr. Bissett, that he is in no such office as that of second selectman and that Mr. French and Mr. Bissett are simply members of the board of selectmen, with equal rights and duties, and that the town is not to whom this \$200 can lawfully be paid. It is contended by some people, however, that the town is the first, second and third selectman, but Mr. Bissett claims that there is no warrant in law for any distinction other than that of the selectman, who acts as agent for the town in all matters to which the town is a party. If the vote is legal, Mr. French will get a salary of \$200, Mr. French and Mr. Bissett \$100, there being no change in the salary of the last night. If, on the other hand, there is no such office as second selectman, as contended by Mr. Bissett, can this money be paid to any member of the board? The question is an interesting one and there is a possibility that the vote may result in litigation.

Assigned to Texas.

John Hawley Larned of Stafford street, who was given a commission as first lieutenant a few days ago, is not going to France, as expected, but is to be sent to Houston, Tex., where he will give instruction in aviation.
